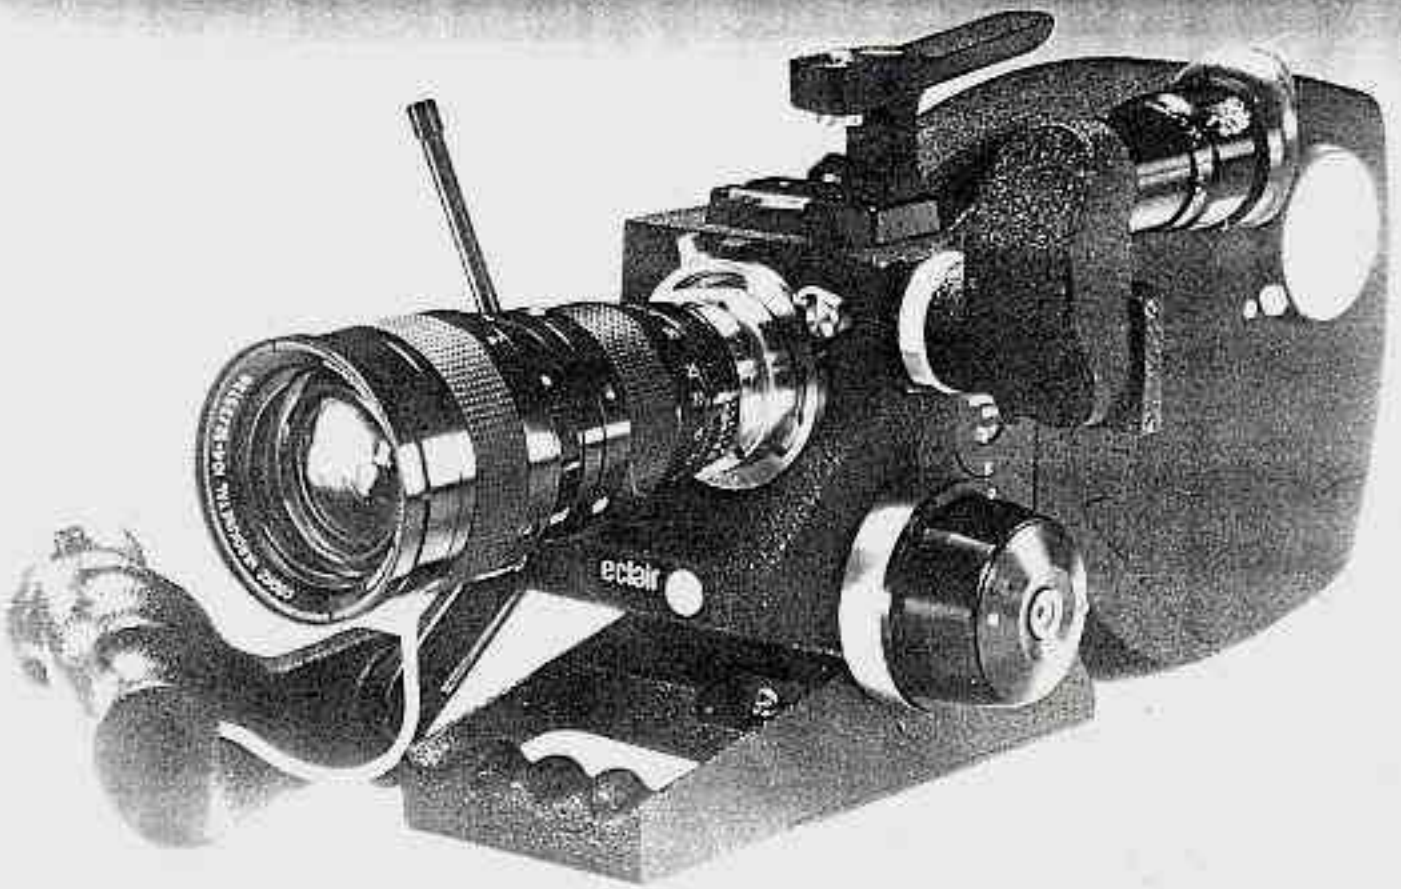
ECLAIR
PANORAM



16+super 16

the first camera studied and realised for both 16 mm + super 16 mm formats

ECLAIR "PANORAM" self blimped dual standard 16 + Super 16 with instant and automatic adjustment of viewfinder mask, aperture gate and optical axis by patented ECLAIR "VARIGATE" system.*

CAMERA BODY

- *Claw driven film movement.*
- *Hard chromed steel aperture plate.*
- *Spinning mirror for reflex viewing.*
- *Variable rotatable shutter with openings of 180°, 172.8°, 150° and 144°.*
- *Rotatable viewfinder for left and right eye viewing, erect image.*
- *Diopter adjustment and eyepiece shutter.*
- *Fiber optics viewing screen with engravings for 16 and Super 16.*
- *Exposure indicator with LED display in the viewfinder.*
- *Interchangeable gelatine filter holder.*
- *Bayonet lens mount with positive locking, type ECLAIR PANORAM.*
- *Lens adaptors for ECLAIR-CAMEFLEX, ARRI and NIKON.*
- *12 V DC brushless Hall-effect motor, crystal controlled, 24/25 fps, and variable speeds.*
- *Automatic stop in viewing position, electronic base module with 3/8" tripod bush housing the motor electronics, exposure guide control, 50/60 cycle sync output, On/Off-switch, possibility of external sync input with external sync unit BOTEX, LEDs for "out of sync", "Power on" and "Camera running".*
- *Possibility video assist: code: PACAM.*

CARRYING HANDLE

Code: PATOP.

MORPHOLOGIC SIDE HANDLE

With tilt adjustment and On/Off-switch: code: PATRA.

MAGAZINES

- *Super 16, co-axial snap-on type, 120 m (400 ft): code: PAVIN.*
- *For the 16 mm standard the ACL 120 m (400 ft) magazines: code: MIVIN, can be used.*

BATTERY

12 V 1.2 Ah with instant dove tail fixing onto the camera body: code: MIBAC.

POWER CABLE

Code: MICOU.

BATTERY CHARGER

For 1.2 Ah battery with slow and fast charge positions, Automatic voltage selection 110/220 V: code: MIFAS.

TRANSPORT CASE

Rigidised case for housing a complete PANORAM equipment with two magazines, Zoom, battery, charger and accessories: code: PAMAL.
